

Arnold Trail Sunday Pyramid 5 Stand

On Sunday June 16th, we will begin a weekly 5 Stand shoot program during our normal Sunday shooting hours. Normal target fees will apply.

The goals of this program are to provide a Recreational shooting opportunity to develop skills and have a good time. NCSA 5 Stand rules will be followed. The targets will be “beginner to intermediate” difficulty and can be shot with either a Skeet or Improved Cylinder choke. #8 shot is suggested but #9 shot will also be OK. 35 rounds should be carried as you can shoot twice at single targets.

Six Traps will be used. Target presentations will consist of:

- Rabbit
- Left to Right Crosser
- Right to Left Crosser
- Incomer
- Teal
- Tower

Each Shooting Position will have a menu of the shots for that station. There will be a single, report pair and simultaneous pair at each station. Beginners can request singles in place of the report pair and a report pair in place of the simultaneous pair. There will be one shooter on each position and the shooting process will be similar to Trap, all shooting their single shot, then the report pair and finally, the simultaneous pair. Shooters will change position upon the command of the referee.

Please see Steve Duren or Dennis Klipp with any questions.
